

Golden Gate

PHILHARMONIC

A San Francisco Youth Orchestra

30 August 2011

Dear Private Teacher,

We are delighted to have your student as a member of the Golden Gate Philharmonic, an all-city orchestra based at San Francisco's School of the Arts.

In order to reinforce your teaching we will make every effort to coordinate our goals with yours. Please let us know if you wish certain things emphasized with your student. If your student is chosen to play a solo with the orchestra, we will first get your approval and ask you to choose the piece performed.

We require all our students to study their instrument privately and also to learn music theory in order to become well-rounded, literate musicians. Thank you for your part in this. We invite you to visit our rehearsals at any time. Please call if you have any questions: (415) 863-2676.

Sincerely,

Joan Murray, Director
Golden Gate Philharmonic
